

Wakefield School District has an AREA agreement with the Rochester School to provide high school education for Wakefield students. Parents who would like to explore options to high school alternatives must contact, in writing, the school board by April 1<sup>st</sup>. Upon request, those parents who move into the region will be given consideration on a case by case situation for an exemption from the April 1<sup>st</sup> deadline.

Students are encouraged, but not required, to state their case in front of the school board.
